

Wischos Gift

DISTRIBUTOR SHORT FLYER 2026

# Curated *gift sets* built to rework.

Ready-to-present corporate gift set concepts for distributors, agencies, and promotional product teams. Start with a complete set, adjust the components, then quote by quantity, branding method, packaging, destination, and timeline.

8 SET CONCEPTS

30+ COMPONENTS

QUOTED BY PROJECT

---

This short flyer is designed for first review. The full catalogue and project pricing follow once a client brief, quantity, budget range, and destination are known.

# Gift sets first. Components second.

Each concept gives a distributor something visual and client-friendly to present immediately. The product mix is not fixed: components, materials, finishes, packaging, and logo placement adjust around the client's budget and campaign context.

## The Desk Starter

# Send a brief. *We build* the quote path.

This is a focused gift set program backed by sourcing, branding, packaging, and project-by-project quotation. Pricing depends on quantity, decoration method, packaging, destination, and required timeline.

## 01 CHOOSE A STARTING CONCEPT

Select one of the 8 ready gift set concepts, or use them as a visual direction for the client presentation.

## 02 ADJUST THE COMPONENT MIX

Swap components from the 30+ library, change materials or finishes, and align the set to the client's budget range.

## 03 CONFIRM BRANDING AND PACKAGING

Logo method, placement, gift box style, insert, sleeve, and printed packaging quoted with production feasibility in mind.

## 04 QUOTE BY PROJECT

We quote based on quantity, destination, timeline, packing volume, and shipment method — not a generic price sheet.

## 05 SAMPLE BEFORE BULK

Reference samples and custom samples support distributor review before final production approval.

30+ available components, custom sourcing by brief. Share client context, target budget, quantity, destination, logo method, and delivery date — we prepare a focused option list.

# Send a brief. Get *direction* next business day.
