MANAGED SOURCING

CORPORATE GIFT SETS · EDITION 2026

THE COLLECTION

Useful.
Interesting.
Refined.

Each set is arranged around a practical business context — onboarding, desk work, field teams, executive gifting, or client appreciation. Three to four precision metal tools, matched gift box packaging, and full custom logo marking. The sets shown are starting points, not fixed limits. Buyers can adjust combinations, materials, finishes, and packaging according to quantity, budget, and production feasibility.

- Laser engraving, annealing, chemical etching, colour marking across brass, aluminium, stainless steel & titanium
- Hot foil stamping, blind debossing, UV & silk-screen printing on gift box surfaces
- Upgrade options: soft-touch lamination, printed interior liner, wood sleeve, waxed canvas pouch

BUILD YOUR OWN SET

- Mix & match from 30+ component library items
- Adjust materials, finishes, and packaging to fit budget
- Source new components beyond the catalogue — send a brief

The Desk Starter

ENTRY-TIER DESK GIFT SET

Three tools. Every desk.

Inkless pen, zinc alloy letter opener and custom-shaped metal bookmark — three desk pieces with a single anodised aluminium material story. For SME gifting, conference welcome packs, and sustainability-conscious procurement.

COMPONENTS — 3 PIECES

- Executive Dual-Head Metal Pen**
Gunmetal anodised aluminium · 144mm · 23.3g · Dual-head: inkless tip (zero-waste) + 0.5mm rollerball refill
· Laser engravable barrel
- Executive Zinc Alloy Letter Opener**
Zinc alloy, high-gloss electroplated · 230mm · 74g · Silver / Gold / Rose Gold
- Precision Custom Metal Bookmark**
Brass / Stainless Steel / Zinc Alloy · 120–150mm · ~20g · Custom silhouette available

WHY THIS SET

- Zero-waste story** — inkless tip, no cartridges or refills to replace
- Bookmark fully customisable shape** — carries complete brand logo as a desk-visible object
- Consistent material language** — anodised aluminium and zinc alloy across all three pieces

PACKAGING

Drawer Rigid Gift Box + Flocked EVA Insert

WGS-002-3

The Mechanical Desk

EXECUTIVE DESK GIFT SET

Built for the desk, used with your hands.

Brass bolt-action pen, propeller spinning letter opener and folding aluminium device stand. Three distinct mechanical interactions — bolt-action click, propeller spin, precision fold — two precision metals. Device stand keeps brand at eye level in every meeting.

COMPONENTS — 3 PIECES

- **Brass Crown Bolt-Action Pen**
Brass + aluminium body + SS clip · 138mm · 28g · G2 refill · Forest Green / Matte Black
- **Propeller Spinning Letter Opener**
Zinc alloy, matte brushed silver finish · 187mm · 85g · Kinetic propeller spin mechanism · Engraving on blade face · Desk presence object
- **Precision Folding Aluminium Device Stand**
6061-T6 aluminium, anodised · 182×60×18mm folded · 150g · MagSafe-compatible

WHY THIS SET

- **Three distinct mechanisms** — bolt-action click, propeller spin, precision fold
- **Device stand at eye level** — brand mark visible in every meeting and call
- **Solid brass develops surface character** over time — suited to direct hand interaction

PACKAGING

Magnetic Rigid Gift Box + Flocked EVA Insert

WGS-003-3

The Pocket Three

EDC DAILY CARRY GIFT SET

Everything in your pocket. Nothing you don't need.

Brass key organizer, stainless money clip and titanium anti-static EDC comb — three metals, three functions, all-day pocket carry. Brand present with the recipient from first morning to last meeting.

COMPONENTS — 3 PIECES

- **Industrial Brass Key Organizer**
Solid brass, polished · 60–87mm · 11–18g · Holds up to 10 keys
- **Industrial Stainless Steel Money Clip**
Industrial grade stainless steel · ~20g · Spring tension · Front-face engravable
- **Titanium Anti-Static EDC Comb**
Titanium alloy, sandblasted · 100mm compact · Anti-static · Integrated bottle opener

WHY THIS SET

- **Brass + Stainless + Titanium** — each material matches its product's function
- **All-day carry frequency** — brand present throughout the full working day
- **Suitable for mixed teams** — keys, cards, comb fit any role or environment

PACKAGING

Magnetic Rigid Gift Box + Flocked EVA Insert

SUGGESTED CONTEXTS

WGS-004-3

The Field EDC

FIELD TEAM UTILITY GIFT SET

Built for the field. Sharp enough for the office.

Tactical stainless pen with tungsten-carbide glass breaker, mini pry bar and folding scissors. All 303 / 2CR13 stainless steel — consistent durability narrative, no pretence. Suited to field service, logistics, construction, and safety-focused brands.

COMPONENTS — 3 PIECES

- **Tactical Stainless Steel Pen**
303 Stainless Steel HRC 40–45 · 152mm × 14mm · 102.8g · Tungsten-carbide glass breaker
- **Industrial Mini EDC Pry Bar**
Stainless Steel or Titanium Alloy · ~70mm · 12g · Prying, lifting, quick-tool tasks
- **EDC Folding Metal Scissors**
2CR13 Stainless Steel, satin silver · 90mm folded / 145mm open · 41.9g

WHY THIS SET

- **Stainless steel throughout** — consistent durability narrative, no pretence
- **Tactical pen glass breaker** — real safety utility for field and vehicle contexts
- **Writing, prying, cutting** — three distinct field functions, low overlap

PACKAGING

Drawer Rigid Gift Box + Flocked EVA Insert

The Morning Ritual

EXECUTIVE COMMUTE GIFT SET

From the morning bag to the working desk.

Brass bolt-action pen, pure titanium capsule flask and titanium carabiner with bottle opener. Two titanium pieces, one brass — commute, desk and after-work covered in one set. Iridescent colour laser marking available on both titanium surfaces.

COMPONENTS — 3 PIECES

- **Brass Crown Bolt-Action Pen**
Brass + aluminium + SS clip · 138mm · 28g · G2 refill · Bolt-action mechanism
- **Pure Titanium Capsule Flask 150ml**
Pure titanium body · shirt-pocket size · 107–134g · No metallic taste · Food-grade
- **Titanium EDC Carabiner + Bottle Opener**
Titanium alloy gate + brass locking core · 53×26×5mm · ~11g · Integrated bottle opener · Keychain daily carry · Iridescent colour-mark available · Keychain + bottle opener

WHY THIS SET

- **Iridescent titanium colour marking** — gold / blue / purple, angle-dependent, rare in B2B gifting
- **Pure titanium flask** — no metallic taste, food-grade, lifetime carry
- **Brass for desk, titanium for carry** — materials segmented by use context

PACKAGING

Magnetic Rigid Gift Box + Flocked EVA Insert

SUGGESTED CONTEXTS

Executive · Finance · Premium

WGS-006-3

The First Day

NEW EMPLOYEE ONBOARDING KIT

Built for the first day at work.

RFID aluminium badge holder, 6-in-1 precision tool pen and aluminium pen holder — three anodised aluminium pieces for the new hire's first week. Brand at every door entry, desk setup and meeting from day one.

COMPONENTS — 3 PIECES

- **RFID Aluminium Wallet & Badge Holder**
Aluminium alloy · 95×60×10.5mm · 83g · 12 cards · RFID blocking · Silver or Gunmetal
- **6-in-1 Precision Metal Tool Pen**
Zinc alloy, electroplated · 149mm · ~30g · Pen + LED + stylus + ruler + screwdriver + level
- **Precision Aluminium Pen Holder**
6061-T6 aluminium, anodised · Ø100×80mm · ~500g · 2.5mm wall · Gunmetal or Silver

WHY THIS SET

- **Badge holder from day one** — brand at every door, lift, and access point
- **6-in-1 pen** — perceived value far exceeds cost; covers desk setup and meetings
- **Anodised aluminium throughout** — photographs as a single designed system

PACKAGING

Rigid Lid Gift Box + Flocked EVA Insert

Onboarding · HR · Tech

WGS-007-3

The Thinking Desk

CLIENT APPRECIATION GIFT SET

For desks where ideas, meetings, and long sessions happen.

Artisan brass rollerball, CNC-machined brass spinning top and double-wall stainless desk cup — three objects for the desk routine. Writing, pausing, warm drinks; solid brass develops surface character with use.

COMPONENTS — 3 PIECES

- **Artisan Brass Rollerball Pen**
Solid brass barrel · Premium weighted hand feel · Smooth roller mechanism · Laser or chemical etch engravable · Daily writing + signatures
- **Precision Brass Spinning Top**
CNC-machined solid brass · desk tactile object · calls, pauses, thinking time
- **Double-Wall Stainless Desk Cup**
304 stainless steel, double-wall vacuum insulated · 350–500ml · Ceramic-coated interior · 8hr heat / 12hr cold · Laser engravable wrap area

WHY THIS SET

- **Brass develops character over time** — rollerball + spinning top suit direct hand interaction
- **Spinning top** — tactile dimension rarely seen in corporate desk sets
- **Stainless cup** — drink stays at the desk, brand stays visible

PACKAGING

Magnetic Closure Box · EVA Insert

SUGGESTED CONTEXTS

WGS-008-4

The Quartet

VIP EXECUTIVE GIFT SET

Ready before the first meeting.

Solid brass ballpoint pen, titanium tea infuser business cup, folding aluminium device stand and push stainless business card case — four metals, four moments of the professional day. Writing, warm drinks, device viewing, card exchange.

COMPONENTS — 4 PIECES

- **Solid Brass Ballpoint Pen**
Solid brass · 156mm × 7mm · 50g · Signatures + daily writing
- **Titanium Tea Infuser Business Cup**
Pure titanium liner + titanium-gold exterior · 210mm × 65mm · 180g · 480ml · Removable infuser
- **Precision Folding Aluminium Device Stand**
Anodised aluminium · 182×60×18mm folded · 150g · Phone/tablet at eye level
- **Slim Push Stainless Business Card Case**
Brushed stainless steel · 103×60mm · 80g · Thumb-push mechanism · 13–18 cards

WHY THIS SET

- **Four metals, four use moments** — brass pen, titanium cup, aluminium stand, stainless card case
- **Titanium tea infuser cup** — rare in corporate gifting, immediately noticed
- **Complete professional day** — writing, drinks, device, cards — nothing missed

PACKAGING

Magnetic Rigid Gift Box + Matte Soft-Touch Lamination + Flocked EVA Insert

SUGGESTED CONTEXTS

VIP · Finance · Executive

LOGO CUSTOMISATION

Every surface. *Precisely marked.*

ON METAL SURFACES

Precision
Metal Marking

Every metal component can carry your brand logo. The technique is matched to the material and surface finish for the most durable result.

LASER ENGRAVING · ANODISED ALUMINIUM

Strips the anodised layer to expose raw aluminium. Crisp white logo on dark background — ultra-high contrast, razor-sharp edges.
RFID wallet, pen holder, device stand

LASER ANNEALING · STAINLESS STEEL

Deep-black oxide layer with no material removal. Perfectly flat, watch-grade precision. Permanently corrosion-resistant.
Tactical pen, money clip, scissors, pry bar

LASER MARKING · SOLID BRASS

Matte grey mark on warm polished brass. Artisan feel, soft contrast against the warm gold background.
Brass key organiser, bolt-action pen crown, rollerball

ADVANCED TECHNIQUES

Specialist
Processes

For titanium surfaces and custom bookmark shapes, techniques that go beyond standard engraving for rare, design-forward results.

IRIDESCENT COLOUR MARKING · TITANIUM

Thin-film interference colouring. Low power → gold/yellow. Medium → blue. High → purple. Angle-dependent colour shift. No material removed.
Titanium flask, carabiner, pry bar (Ti version)

CHEMICAL ETCHING · BRASS / STAINLESS

Recessed intaglio logo 0.01–0.3mm deep. No tool marks. Polished-vs-matte contrast. Optional enamel colour fill.
Precision custom metal bookmark

UV MULTI-COLOUR PRINTING · FLAT METAL

Full-colour photographic quality. Vibrant CMYK/Pantone gamut. High-gloss finish. Can include gradients and complex artwork.
Pen clip, flat metal surfaces

ON GIFT BOX

Packaging
Branding

The gift box carries your brand before the products are removed. Logo marking options work across all standard box formats.

HOT FOIL STAMPING

Gold, silver, or copper metallic foil on matte art paper. Strong contrast, crisp edges, applied under heat and pressure for durability.
All box types — lid face and side panels

BLIND DEBOSSING

Logo pressed into paper without metallic foil. Tone-on-tone tactile mark. Quiet luxury feel on matte and soft-touch surfaces.
All box types — lid face preferred

UPGRADE OPTIONS

- Soft-touch lamination — velvet-feel exterior
- Printed interior liner — brand message, QR code, welcome note
- Wood sleeve — paulownia or walnut for executive gifting
- Waxed canvas roll pouch — field organiser after unboxing

COMPONENTS LIBRARY · 30 INDIVIDUAL PIECES

Components *Library*

Every piece in the gift sets is available as a standalone item. Mix across categories to build a brief-specific set, or specify individual SKUs for custom-configured assemblies. All pieces share the same logo marking programme.

WRITING INSTRUMENTS

Brass · Aluminium · Stainless Steel

Bolt-action pens, tactical pens, rollerballs and multi-function tool pens — precision-machined metal writing instruments, all laser-engravable.

→ Pages 13–15

DESK ACCESSORIES

Aluminium · Zinc Alloy · Brass

Mouse pads, pen holders, letter openers, bookmarks, spinning tops and device stands — objects that earn desk presence and carry brand marks with precision.

→ Pages 16–19

EDC & CARRY

Titanium · Stainless Steel · Brass

Wallets, key organizers, money clips, combs, pry bars, scissors, carabiners and card cases — all-day carry objects that move with the recipient and carry brand marks through daily use.

→ Pages 20–23

DRINKWARE

Pure Titanium · 304 Stainless Steel

Vacuum insulated bottles, capsule flasks, desk cups and tea infuser cups — titanium and stainless drinkware suited to desk, commute, and executive gift programmes.

→ Pages 24–27

WP-101

Brass Crown Bolt-Action Pen

Brass + Aluminium + SS · 138mm × 10mm · 28g

Bolt-action click mechanism · G2 refill compatible · Brass tip, bolt slot and crown tail · Anodised aluminium body · Stainless steel spring clip · Forest Green / Matte Black

Logo marking — Laser marking on aluminium body · Laser annealing on SS clip · Pad printing on barrel

WP-102

Executive Dual-Head Metal Pen

Gunmetal anodised aluminium · 144mm × 10mm · 23.3g

Dual-head: inkless permanent tip (zero-waste, no refills) + 0.5mm rollerball. Single-piece anodised aluminium construction. Inkless tip writes permanently on most surfaces without ink.

Logo marking — Laser marking (matte-white on gunmetal) · Pad printing on barrel

WP-103

Tactical Stainless Steel Pen

303 Stainless Steel HRC 40–45 · 152mm × 14mm · 102.8g

Full 303 stainless steel construction. Tungsten-carbide glass breaker tip at tail. Anti-roll hexagonal body. Field-rated hardness HRC 40–45. Fits standard Parker-style refills.

Logo marking — Laser annealing (deep-black on SS, watch-grade precision)

WP-104

6-in-1 Precision Metal Tool Pen

Zinc alloy, electroplated · 149mm · ~30g

Six integrated functions: ballpoint pen, LED torch, capacitive stylus, 15cm ruler, Phillips screwdriver bit, spirit level bubble. Silver or gunmetal electroplated finish.

Logo marking — Laser etching on flat face · Silk-screen Pantone printing

WP-105

Artisan Brass
Rollerball

Solid brass · 140mm × Φ9mm · 30g · 7 finishes

Solid brass barrel and body. 140mm × Φ9mm · 30g. Brushed, matte or polished finish options (7 total). Premium weighted hand feel. Smooth roller mechanism. Develops natural brass patina with use. Classic proportions suited to executive gifting and daily signing use.

Logo marking — Laser marking on brass (matte artisan contrast) · Chemical etching

WP-106

Solid Brass
Ballpoint Pen

Solid brass · 156mm × 7mm · 50g

Full solid brass construction. Slim profile with integrated clip. Brushed or polished finish. Natural brass patina develops with daily use. Laser-engravable full barrel length.

Logo marking — Laser marking on brass · Deep laser engraving

WP-201

Professional Aluminum
Mouse Pad

5052 aluminium + PU base · 240×200×3mm · 218g

5052 aluminium surface, hard anodised. Anti-slip PU rubber base. Smooth micro-texture for precise mouse tracking. Available anodised Silver or Gunmetal. Full surface laser-engravable.

Logo marking — Laser engraving (full surface area available) · Silk-screen print option

WP-202

Precision Aluminium
Pen Holder

6061-T6 aluminium, CNC-turned · Φ100×80mm · ~500g

Single-piece CNC-turned 6061-T6 aluminium. 2.5mm wall thickness. Weighted stable base (~500g). Sand-blasted anodised Gunmetal or Silver. Primary front face fully engravable.

Logo marking — Laser marking — Gunmetal: crisp white mark · Silver: subtle contrast

WP-203

Executive Zinc Alloy
Letter Opener

Zinc alloy, high-gloss electroplated · 230mm · 74g

Die-cast zinc alloy, high-gloss electroplated. Available Silver, Gold or Rose Gold. Balanced handle weight with tapered blade. Flat handle face is the primary logo surface.

Logo marking — Laser etching (matte-on-gloss contrast) · Silk-screen Pantone printing

WP-204

Propeller Spinning
Letter Opener

Zinc alloy, matte brushed silver · 187mm × 19mm × 4mm · 85g

Zinc alloy with matte brushed silver electroplating. Kinetic propeller spin mechanism integrated into the blade. Desktop presence object beyond pure function. Blade and propeller face both engravable.

Logo marking — Laser etching on matte brushed surface (refined low-contrast) · Silk-screen printing

WP-205

Precision Custom
Metal Bookmark

Brass / Stainless Steel / Zinc Alloy · 120–150mm · ~20g · Mirror or matte tumbled

Custom die-cut silhouette: bookmark body IS the brand shape. Available in brass, stainless steel or zinc alloy. 120–150mm · ~20g. Mirror polished or matte tumbled finish. Laser through-cut logo shape or chemical etch intaglio logo. Full body is the brand canvas.

Logo marking — Chemical etching (intaglio, optional enamel fill) · Laser through-cut silhouette

WP-206

Precision Brass
Spinning Top

CNC solid brass · 14g / 30g · Φ23–40mm · Polished or brushed

CNC-machined from solid brass. Φ23–40mm. Available in 14g (portable) or 30g (standard) model. Precision-balanced tip for extended spin time. Self-righting. Polished or brushed finish. Weighted desk tactile object suited to calls, pauses and thinking time. Flat base laser-engravable.

Logo marking — Laser marking on brass (warm artisan contrast)

WP-207

Carbon Fiber Magnetic Fidget Stick

Carbon fiber + metal caps · 3× Φ15mm barrel · 65mm · ~42g

Carbon fiber tube with precision metal end caps. 3 barrels × 65mm · Φ15mm · ~42g. 3 embedded rare-earth magnets enabling multi-axis magnetic rotation. Satisfying tactile resistance. Discreet desk object for focus and stress during calls.

Logo marking — Laser marking on metal end cap

WP-208

Precision Folding Device Stand

6061-T6 aluminium, anodised · 182×60×18mm folded · 150g

CNC-folded 6061-T6 aluminium. Four adjustable viewing angles. MagSafe pass-through compatible. Silicone contact pads protect screen and desk. Folds to jacket-pocket size. Anodised Gunmetal or Silver. Base plate engravable.

Logo marking — Laser marking on base plate (Gunmetal: crisp white · Silver: subtle)

WP-301

RFID Aluminium
Wallet & Badge Holder

Aluminium alloy, anodised · 95×60×10.5mm · 83g

CNC-machined aluminium alloy. Holds up to 12 cards with RFID blocking. Thumb-push ejection mechanism. Badge clip loop on back. Available anodised Silver or Gunmetal. Full main face engravable.

Logo marking — Laser marking — Gunmetal: crisp white mark · Silver: subtle premium contrast

WP-302

Industrial Brass
Key Organizer

Solid brass, polished · 60–87mm extended · 11–18g

Solid brass, polished natural finish. Compact pivot hinge system. Holds up to 10 keys in organised silent stack. Develops natural brass patina with daily handling. Body surface laser-engravable.

Logo marking — Laser marking on brass (warm matte artisan contrast on polished gold surface)

WP-303

Industrial Stainless Money Clip

304 stainless steel · ~20g

Industrial-grade 304 stainless steel. Spring-tension hold for cards and bills combined. Slim profile. Brushed or polished finish. Front face fully laser-engravable — clean flat logo surface.

Logo marking — Laser annealing on stainless steel (deep-black, watch-grade, no material removal)

WP-304

Titanium Anti-Static EDC Comb

Titanium alloy, micro-sandblasted · 100mm compact / 150mm full

Titanium alloy, micro-sandblasted finish. Anti-static teeth prevent static charge in dry environments. Integrated bottle opener at base. Virtually weightless. Corrosion-resistant lifetime carry. Laser colour-mark available (gold / blue / purple).

Logo marking — Laser marking sandblasted Ti (subtle) · Laser colour marking (iridescent gold/blue/purple)

WP-305

Industrial Mini
EDC Pry Bar

Stainless steel or titanium alloy · ~70mm · 12g

Precision-machined stainless steel or titanium alloy. Functions: micro-pry, package open, paint scrape, paint pop. Integrated keychain loop. Flat faces front and back — both engravable.

Logo marking — SS: laser annealing (deep-black) · Ti: laser colour marking (iridescent)

WP-307

EDC Folding
Metal Scissors

2CR13 stainless steel, satin silver · 90mm folded / 145mm open · 41.9g

2CR13 stainless steel blades, natural satin silver passivated. Locking mechanism when open. One-hand-open action. 90mm closed for carry, 145mm open for use. Handle flat surface laser-engravable.

Logo marking — Laser annealing on stainless steel (deep-black, watch-grade finish)

WP-308

Titanium EDC Carabiner
+ Bottle Opener

Titanium alloy + brass locking core · 53×26×5mm · ~11g

Titanium alloy gate with brass locking core. Dual function: keychain carabiner + crown-cap bottle opener. All-day carry object. Iridescent colour laser marking available (gold / blue / purple tone).

Logo marking — Laser marking sandblasted Ti · Laser colour marking on brass locking core

WP-309

Slim Push Business
Card Case

Brushed 304 stainless steel · 103×60mm · 80g

Brushed 304 stainless steel. Smooth thumb-push spring mechanism ejects cards cleanly. Holds 13–18 standard business cards. Available mirror-polish or brushed finish. Full face laser-engravable or deep-engrave.

Logo marking — Laser engraving on full face · Laser annealing (black on brushed SS)

WP-401

Pure Titanium
Vacuum Insulated Bottle

Pure titanium liner + 316 SS shell · 500ml H190 / 600ml H220 / 750ml H255mm · Φ70mm · ~120 / 132 / 145g

Pure titanium inner liner — no inner coating, no metallic taste, biocompatible and inert. 316 SS outer shell for impact resistance. Available 500ml (H190mm, ~120g) / 600ml (H220mm, ~132g) / 750ml (H255mm, ~145g) · Φ70mm body. Integrated carry handle clips to carabiner or bag strap. Industrial sandblasted or structural crystal surface.

Logo marking — Laser engraving on titanium body · Laser colour marking (iridescent gold/blue/purple)

WP-402

Pure Titanium
Capsule Bottle 150ml

Pure titanium · 150ml · H128 × W51mm · ~107g

Pure titanium construction. 150ml · H128 × W51mm · ~107g. EDC carry. Leakproof screw cap. Spirits, espresso, or tinctures. No metallic taste. Laser colour marking available (iridescent gold / blue / purple tone).

Logo marking — Laser colour marking (iridescent on titanium) · Laser marking sandblasted

WP-403

Weighted Vacuum Insulated
Office Tumbler

304 SS double-wall · 420ml · H85 × Φ85mm · 310g

304 stainless steel, double-wall vacuum insulated. 420ml · H85 × Φ85mm · 310g. Weighted base for desk stability. 8hr heat / 12hr cold retention. Food-grade interior. Powder-coat or brushed stainless finish. Full wrap exterior engravable.

Logo marking — Laser engraving wrap area · Pad printing (Pantone colour)

WP-404

Bamboo Groove
Stainless Steel Mug

304 SS + bamboo groove exterior · 350ml · H105 × Φ75mm · ~500g

304 stainless steel body with natural bamboo groove exterior band. Double-wall insulated. Unique material combination for warmth and visual distinction. Desk and commute. Handle and lid included. · 350ml · H105 × Φ75mm · ~500g

Logo marking — Laser engraving on stainless panel · Pad printing on bamboo area

WP-405

Ice Crystal Pure
Titanium Egg Cup

Pure titanium · ice crystal texture · 260ml · H90mm · top Φ68 / base Φ80mm · ~81g

Pure titanium body with distinctive ice crystal surface texture. No metallic taste. Compact desk-size cup. Titanium iridescent colour marking available. Rare desk drinkware form factor — immediately noticed in a gift set. · 260ml · H90mm · top Φ68 / base Φ80mm · ~81g

Logo marking — Laser colour marking (iridescent gold/blue/purple on titanium)

WP-406

Pure Titanium
Capsule Bottle 200ml

Pure titanium · 200ml · H135 × Φ60mm · 127g

Pure titanium construction. 200ml · H135 × Φ60mm · 127g. Compact carry size — larger than the 150ml for longer outings. Leakproof screw cap. No metallic taste. Laser colour marking available (iridescent gold / blue / purple).

Logo marking — Laser colour marking (iridescent on titanium) · Laser marking sandblasted

WP-407

Double-Wall Stainless Steel Desk Cup

304 stainless steel, double-wall · 300ml · Φ82×98mm · 200g

304 food-grade stainless steel, double-wall construction. No handle, straight cylinder — hot drinks don't heat the exterior, cold drinks don't condense on the surface. No ring left on desk or documents. Three finishes: bare brushed / gold / rose gold. Exterior barrel laser-engravable.

Logo marking — Laser engraving on exterior barrel (brushed steel: best contrast)

WP-408

Titanium Tea Infuser Business Cup

Pure titanium liner + titanium-gold PVD exterior · 480ml · 210×65mm · 180g

Pure titanium inner liner and tea infuser. Titanium-gold PVD exterior. Double-wall vacuum insulated. Removable stainless tea infuser basket. PP screw lid. 480ml business desk capacity. No metallic taste. Laser engraving and screen printing available.

Logo marking — Laser engraving on exterior · Screen printing

HOW TO PLACE AN ORDER

Send a brief. *We build* the quote path.

This is a focused gift set programme backed by sourcing, branding, packaging, and project-by-project quotation — not a commodity price list.

Pricing depends on quantity, decoration method, packaging, destination, and required timeline.

If a client is drawn to one or two individual components rather than a full set, we are glad to discuss how to help — whether as standalone items or as the starting point for a smaller configuration.

To customise a set or mix individual components, share the target budget, quantity, destination, logo method, and delivery date — a focused option list will be prepared in response.

01

CHOOSE A STARTING CONCEPT

Select one of the 8 ready gift set concepts, or use them only as a visual direction for the client presentation.

02

ADJUST THE COMPONENT MIX

Swap components from the 30+ library, change materials or finishes, and align the set to the client's budget range.

03

CONFIRM BRANDING AND PACKAGING

Logo method, placement, gift box style, insert, sleeve, and printed packaging are quoted with production feasibility in mind.

04

QUOTE BY PROJECT

We quote based on quantity, destination, timeline, packing volume, and shipment method, rather than sending a generic price sheet.

05

SAMPLE BEFORE BULK

Reference samples and custom samples support distributor review before final production approval.

Your brand.
On every
surface
that matters.
